

## Brotherhood of St Laurence Archive

### Collection Overview

The Brotherhood of St Laurence Archive is housed in the BSL Social Policy Library in the BSL Head Office on Brunswick Street in Fitzroy, VIC. The archive contains an extensive set of records including papers, photographs and audio-visual materials spanning from the early 20<sup>th</sup> Century to the present day. These records offer insight into the history of the Brotherhood of St Laurence and the many varied programs and activities that the Brotherhood has been engaged in, particularly social welfare and poverty related issues.

### Arrangement

The archive has been arranged into the following 3 categories (Series):

Title: Photographs - 75.5 British Housing

Start date: ?

End date: ?

Location: Filing Cabinet

Description: Folder labelled "75.5 British Housing" containing the following photographs

- "Title: Semi-detached steel-framed houses. Description: 'Steel' houses devised in the immediate post-war period to combat shortage of bricks and timber. The walls of the first storey are entirely of steel sheet with an inner lining of insulated material". Black and white. Undated.

- "Title: York Cathedral and city. Description: Example of fine medieval architecture. This is one of the examples of the famous walled cities of old England". Black and white. Undated.

- "Title: Back view of Eaton Square, London, houses before conversion. Description: Although the front facade of some old London houses is retained in its original design, they have been converted horizontally into flats. This picture shows the old original back". Black and white. Undated.

- "Title: Charlotte Square, Edinburgh. Description: Date back to the latter part of the eighteenth century. Built by the famous Brothers, Adam". Black and white. Undated.

- "Title: Block of terraced houses which have been renovated inside. Description: The interiors have been improved by substituting proper amenities and equipment. The work is carried out in agreement with the tenants, and rents are adjusted according to the amount of work done.". Black and white. Undated.

- "Title: Rebuilding of Plymouth, Devonshire. Description: The centre of Plymouth was destroyed by bombing during the war. Most of it has now been rebuilt. The road system is new, and the fine thoroughfare in the foreground is called Royal Parade. The road leading between the new buildings, built on the old centre of the town, is Armada Way, leading from the station to the famous Ho". Black and white. Undated.

- "Title: Stibbington Hall, Hunts. [1625]. Description: Early 17th. century country manor house". Black and white. Undated.

- "Title: The Promenade, Cheltenham. Description: Built in 1823, the central portion shows an example of balanced composition of the Regency style. It is one of the finest terraced compositions in Europe". Black and white. Undated.

- "Title: Cornish Unit Houses. Description: The main walls of these houses are built with posts and interlocking panels manufactured from the residue of the china clay pits in Cornwall. The remaining structure of the houses is normal traditional work". Black and white. Undated.

- "Title: Airey Houses at Coniston, Lancashire. Description: These houses are built on a system of concrete posts and horizontal surface slabs. All these components can be man-handled and this facilities erection of these houses in remote districts". Black and white. Undated.

- "Title: Terrace at Ditchingham, Loddon, Norfolk. Description: Rural housing in the modern manner". Black and white. Undated.

- "Title: Park Crescent, London. Description: The earliest part of Nash's great Regents Park development in 1812". Black and white. Undated.

- "Title: Priory Gardens, Bedford Park, Brentford, Middlesex. Description: 1880 examples of Victorian housing. There are a great variety of individual styles. Part of the development of outer-London, it is a fore-runner of modern city planning". Black and white. Undated.

- "Title: Speke Housing Scheme, Liverpool. Description: Post-war traditional urban housing". Black and white. Undated.

- "Title: Port Sunlight. Description: This is the classical example of the industrial estate in Britain. It is a great improvement on Saltaire, the first of the estates built around a single industry. The original Lever works are in the background". Black and white. Undated.

- "Title: New forest village of Dalarich on the north shore of Loch Awe, Argyle. Description: An example of a new forestry village, built mainly to attract workers to the forestry areas. In addition to houses there is a Community Centre and a school". Black and white. Undated.

- "Title: Prefabricated houses built on civil engineering methods. Description: The shells of houses are completed in three days by the introduction of civil engineering methods into the domestic housing programme. The process is based on concrete construction and the use of full-height shuttering. One set of shuttering, made of wire mesh on timber frames, can make as many as 120 shells. The constant use of the crane is the basis of the low cost of the whole operation". Black and white. Undated.

- "Title: Wren's Plan of London. Description: Sir Christopher Wren's development plan for London after the Great Fire in 1666. Unfortunately the plan was never carried out". Black and white. Undated.

- "Title: Timber-frame Scotwood houses on the St Helier Estate, Hordon, Surrey. Description: Houses built (with the exception of the roof covering and window frames) entirely of plywood. The system was developed from the use of plywood for the hulls of power-driven boats used during the war". Black and white. Undated.

- "Title: Housing sites in Witney, Oxfordshire. Description: A terrace of houses in a remote Cotswold village, built in the tradition of the locality with the least disturbance possible to the character of the village". Black and white. Undated.

- "Title: The Royal Crescent, Bath. Description: An example of a city built practically entirely in the eighteenth century. It is probably the finest example in the world". Black and white. Undated.

- "Title: Flats in Pimlico, Westminster. Description: This is a development in a central area in London of a very high population density. The view shows blocks of maisonettes with 9-storey block of flats in the background, and the present tendency in housing development to mix buildings of varying heights". Black and white. Undated.

- "Title: Quadrant in lower part of Regent Street as it was originally built from Nash's design. Description: The whole of this has now been rebuilt beginning with Piccadilly Hotel in 1905". Black and white. Undated.

- "Title: Large London house in Eaton Square converted into flats. Description: This is an example of large out-of-date houses which have been converted horizontally into flats, without spoiling the front facade". Black and white. Undated.

- "Title: Moreton Old Hall, Cheshire. Description: A remarkable example of a sixteenth century timber-framed house in the distinctive style in vogue in Cheshire at the time". Black and white. Undated.

- "Title: Harlow New Town. Description: Shows a mixture of all types of housing, including 4-storey flats, in relation to a new industrial area (background)". Black and white. Undated.

- "Title: Modern three-storey flats at Lewisham, London. Description: Attractive balcony designs have been incorporated". Black and white. Undated.

- "Title: Moorlands Estate, Bath City Borough, Somerset. Description: This is a post-war building estate built in the traditional Bath stone". Black and white. Undated.

- "Title: Renovation of the back of old London houses in Eaton Square, London. Description: Although the front facade in their original design has been retained, these two Eaton Square houses have been converted horizontally into flats". Black and white. Undated.

- "Title: Pekin Close, Lansbury, London. Description: This is a close of small houses which gets back to the atmosphere of the small square which was so acceptable to people in Georgian and Victorian London. The added advantage is to provide a place where children may play in safety". Black and white. Undated.

- "Title: Temporary aluminum houses at Billericay, Essex. Description: The only wholly prefabricated houses in Britain. They consist of aluminum shells and are finished in four sections which are delivered in lorries to a prepared site where they are assembled and bolted together ready for immediate occupation". Black and white. Undated.

- "Title: Cheyne Walk, London. Description: Example of Georgian and later development with Victorian alterations". Black and white. Undated.

- "Title: Easiform permanent new tradition houses. Description: The concrete houses are cast 'in situ' with cavity external walls having a dense concrete outer leaf and a clinker inner leaf". Black and white. Undated.

- "Title: New kitchen range installed in old Victorian House. Description: This new kitchen range replaced an old Victorian fireplace and oven originally installed in a block of terraced houses. The work was carried out by agreement with the tenants and rent was adjusted according to the amount of work involved". Black and white. Undated.

- "Title: Victorian fireplace and oven in block of terraced houses. Description: An example of a Victorian fireplace and oven in use until recently in the houses of a block of terraced houses. This has been replaced by a modern range, along with other improvements in amenities carried out by agreement with the tenants". Black and white. Undated.

- "Title: Bedford Square, London. Description: The finest surviving square of the late Georgian period. It is almost complete. Probably laid out by Thomas Leverton in about 1775". Black and white. Undated.
